Dear Talent Acquisition Team,

I am writing to express my interest in the Software Engineer - Go position, as advertised. With a comprehensive background in full stack development and a fervent passion for technology, I am excited about the opportunity to contribute to your team and collaborate on innovative projects.

Throughout my career, I have honed my skills across various domains of software development, including front end, back end, and mobile development. This diverse experience has equipped me with a unique perspective and a well-rounded skill set that I believe aligns well with the requirements of the role.

Here's a brief overview of my qualifications:

Front End Expertise: I am proficient in crafting engaging user experiences using technologies such as React.js and Vue.js. My focus on intuitive interfaces has resulted in web systems that resonate with users and drive engagement.

Back End Proficiency: I have extensive experience in back end development, particularly with PHP (Laravel). Additionally, I have built robust automations using GoLang and ShellScript, streamlining processes and improving efficiency.

API Development: I possess a strong foundation in API development, encompassing both consumption and creation. My expertise in this area facilitates seamless communication between systems and enables the development of scalable solutions.

Database Mastery: I am skilled in both SQL (MySQL and PostgreSQL) and NoSQL (Cassandra and MongoDB) databases. My experience includes designing and optimizing databases to meet project requirements while ensuring data integrity and performance.

Driven by my passion for technology and fueled by a relentless pursuit of knowledge, I am a self-taught developer committed to continuous learning and growth. I thrive in dynamic environments where innovation is encouraged, and I am dedicated to delivering high-quality work that exceeds expectations.

I am genuinely excited about the possibility of joining the talented team at SumUp and contributing to its success. I am eager to discuss how my skills and experience can benefit your organization and contribute to your mission of creating remarkable products.

Thank you for considering my application. I look forward to the opportunity to further discuss how I can contribute to your team.

Warm regards,

Luiz Otavio Utzig
